Polished Porcelain & Soft Touch

ROCA | XL Slabs 2025

The Taj Mahal porcelain tile is inspired by the sophistication and beauty of the natural stone of the same name, known for its warm tones and soft textures. It features a surface with shades ranging from light beige to soft gold, with organic veins that flow delicately, giving it a natural and elegant appearance. Ideal for creating warm and sophisticated environments, this porcelain tile combines the refined aesthetic of Taj Mahal quartzite with the durability and practicality of porcelain, making it perfect for floors, walls, and areas that require a touch of exclusivity.
